Profile

MSc Artificial Intelligence Technology student in the UK with 9+ years of professional full-stack development experience building scalable web applications. Strong expertise in Laravel, Vue.js, Node.js, and modern frontend frameworks, with experience delivering high-performance systems across GovTech, e-commerce, and platform-based applications. Skilled in API development, cloud deployment, and team leadership. Currently seeking a Software Engineering / AI / Full-Stack internship to apply industry experience alongside AI and data technologies.

Technical Skills

- **Backend:** PHP, Laravel, Node.js, Express.js
- **Frontend:** Vue.js, Nuxt.js, Next.js, Bootstrap, Tailwind CSS
- **Database:** MySQL, PostgreSQL, MongoDB
- **APIs & Real-time:** REST APIs, WebSockets
- **Cloud & Tools:** AWS (EC2, S3), Git, Linux
- **Core Strengths:** Full-Stack Development, Scalable Architecture, API Integration, Team Collaboration

MSc Artificial Intelligence Technology - United Kingdom

Expected Completion: January 2027

Master of Computer Applications (MCA) - India

2015-2017

Bachelor of Computer Applications (BCA) - India

2012-2015

Professional Experience

Senior Software Engineer - Urban Management Centre, Ahmedabad, India

Jul 2024 - Jan 2026

- Developed scalable GovTech web platforms supporting digital governance services.
- Built full-stack applications using Laravel, Vue.js, and MySQL.
- Designed secure REST APIs and optimised system performance.
- Implemented scalable backend architecture for high-traffic government systems.

Senior Laravel Developer - AppMatic Tech, Ahmedabad, India

Feb 2021 - Feb 2024

- Led a team of 4 developers delivering enterprise web applications.
- Designed backend architecture using Laravel and Node.js.
- Built responsive UI using Vue.js and Tailwind CSS.
- Integrated third-party APIs and conducted code reviews and mentoring.

Laravel Developer (Freelance) - India

Jul 2020 - Feb 2021

- Delivered custom full-stack web applications for international clients using Laravel and Vue.js.
- Managed a team of 3 developers, coordinating development tasks and project delivery.
- Designed and implemented RESTful APIs and scalable backend solutions.
- Collaborated with clients to gather requirements and deliver tailored solutions.

Laravel Developer - Depixed, Ahmedabad, India

Oct 2018 - Jul 2020

- Contributed to feature development and system improvements across multiple web application projects.
- Collaborated as an active team member within the development team to deliver project requirements.
- Reviewed code written by junior developers and provided constructive feedback.
- Assisted team members with technical problem-solving and debugging.
- Promoted coding best practices and maintainable development standards within the team.

Laravel Developer - Wama Software, Ahmedabad, India

Nov 2016 - Oct 2018

- Worked as part of a development team on multiple Laravel and Symfony-based web applications.
- Contributed to new feature development, bug fixing, and ongoing system maintenance.
- Assisted in building and maintaining backend functionalities and database integrations.
- Collaborated with team members to deliver high-quality and scalable web solutions.
- Gained strong foundational experience in backend development and modern web technologies.

Additional Information

- Eligible for internship and part-time work in the UK
- 9+ years professional software development experience
